Cinematograph Act — Amendment

A Bill to amend the Cinematograph Act of 1952 which was introduced in the Lok Sabha on 13-12-1958 by the Minister for Information and Broadcasting, Dr. B.V. Keskar. The Bill was passed by the Lok Sabha on 19th December 1958.

According to the statement of objects and reasons the measure makes certain changes in the provisions of the original Act for purpose of clarification, without making any substantial change in its working. It also makes express provisions regarding the composition of the Board of Film Censors, constitution of Advisory Panels attached to regional offices at Bombay, Madras and Calcutta and the procedure for examination of films by the regional officers with the aid of these panels. The Bill codifies the rules relating to the general principles to be observed in determining whether a film is or is not suitable for public exhibition.

During the discussion Hon'ble Dr. Keskar, Minister for Information and Broadcasting, referring to the criticisms on the work of censorship of films, said the censors had powers only to delete objectionable portions from a film but not to recall an entire film, which was vulgar or crude. He entirely agreed that the censors should have greater powers but he was helpless in the matter because of the limitations imposed by the Constitution.

The question of admitting persons to cinema and censoring posters came under the purview of States, and the Centre could not do anything in the matter. He had drawn the attention of Police authorities in various States that they should take more vigilant steps to enforce rules relating to the exhibition of posters.

He disagreed with the view that the "adults only" classification should be abolished. He said, "if necessary we can consult State Governments and put the age limit at 21."

Review of the Motion Picture Trade in South India

The year 1958 is an year of film control. All the efforts of the film trade have been geared up to keep pace with the restricted supply of raw cinematograph film. The control, caused considerable handicap to the progress of the trade in South India. Nevertheless, it has struggled hard just to survive the ordeal and maintain its level of progress.

The total number of pictures censored during the year is 120 compared to 109 of 1957 and 102 of the year previous. Over and above these 120, three pictures in Sinhalese language have been produced in South India, though they were not censored in India.

Of the 120 pictures the number of films produced in each language is as follows : Tamil-61; Telugu-36; Canarese-11; Malayalam-4; and Hindi-8; compared to Tamil-46; Telugu-36; Canarese-14; Malayalam-7; and Hindi-6 of the year 1957.

During the year 23 pictures have been re-certified under Rule 28 of Central Censorship Rules.

The Studio-owners have been responsible for 23 productions, the established producers for 53 productions and the new comers for 44 productions.

A record number of 5 pictures has been censored by a single producing company during the year viz., M/s. Padmini pictures.

There are 73 pictures based on themes of social background,

23 on mythological and 24 on historical or folklore themes. The total number of themes forming the background of the 120 productions, comes to 56 inclusive of all the languages and versions. Dubbing of pictures continues to be the chief feature of picture production in South India. The total number of dubbed versions during the year comes to 37 compared to 23 of the last year; 18 out of Tamil, 13 out of 36 Telugu, 2 out of 11 Canarese, and 4 out of 8 Hindi pictures were dubbed from pictures produced in other languages.

The total footage of exposed film censored during the year at Madras in respect of feature films comes to near about 18,75,000 ft. compared to 17 lakhs of 1957 and 15 lakhs of 1956. Out of the total footage of 18,75,000 ft. censored during the year, Tamil films contribute 9,52 thousands; Telugu, 574 thousands; Canarese-167 thousands; Malayalam 66 thousands and Hindi 116 thousands. The average footage of a South Indian language film works out at 15,400 ft. compared to 16000 ft. of last year. It is also significant to note that the regional average footages in respect of Tamil and Canarese films have come down viz., 15,450 ft. for a Tamil film compared to 16,650 of 1957 and 15,000 ft. for a Canarese film compared to 15,500 ft. of 1957. For Telugu the average works out at 16,000 ft.

for a Malayalam film, 16,300 ft. and Hindi 14,300 ft.

As per centres of production, almost all the pictures have been produced in the Madras City Studios and a small percentage viz., 5% is accounted for by the Studios situated outside the city.

STUDIOS & FLOORS

There is an increase not only in the number of Studios functioning in South India but also in the number floors correspondingly, compared to other centres. The number of studios and floors in the three production centres are stated hereunder: Madras 27 studios with 72 floors; Bombay 30 studios with 69 floors and Calcutta 11 Studios with 30 floors.

The progress of production in South India compares favourably with the production output of the corresponding months of the previous year. The number of pictures censored during each month of 1957 and 1958 is as follows :

	1957	1958
January	13	10
February	8	13
March	11	13
April	8	10
May	12	4
June	5	9
July	6	11
August	9	5
September	10	12
October	9	14
November	9	9
December	9	10
	—	—
	109	120
	—	—

The total number of pictures under production at various stages on the floors in South India with permits issued by the Joint Chief Controller of Imports and Exports is 237, the number of producers being 194.

During the year the Government of India have been pleased to extend the validity of the Censor certificates to 10 years from 5 and in respect of pictures censored by the Central Board of Film Censors, the concession having been given effect to retrospectively.

On the exhibition side there had been a spurt in the number of cinema theatres especially the touring cinemas. The total number of cinemas as on 30—4—58 is 1061 consisting of 355 permanent and 706 touring cinemas compared to 985 with 329 permanent and 656 touring of 1957. There has not been much difficulty except for the fact that the release of pictures could not be kept up to the scheduled dates. Also by reason of the fact that prints for old popular pictures could not be obtained, the business in semi urban and rural areas has been hampered to an extent. Nevertheless the collections at the box office show a slight upward trend from the Entertainment Tax collections published elsewhere in this issue.

One important event is the reduction of rentals for "approved" films to 1% of the collections.

It is a matter for congratulation that the first child-

ren's film produced in Madras, received for the first time, Prime Minister's award and State award for 1957.

The year 1958 is an year of trial and the industry has rallied round to overcome the handi-

caps and restrictions arising out of the 'cut' in raw film supply. We fervently hope that the control on films will be lifted ere long and the industry allowed to have its full programme of expansion to serve the best interests of the public.

Raw Film Factory for Ooty

The Rajya Sabha on 22-12-'58 returned the Indian Tariff (Amendment) Bill providing for the continuance or discontinuance of protection for certain industries on the advice of the Tariff Commission.

Mr. Manubhai Shah, Minister of Industries, replying to the debate, said negotiations with an East German firm for the setting up of a raw film factory at Ootacamund had reached the final stages, and the factory

which would manufacture more than 7.5 million square metres—50 per cent more than the country's requirement—would be set up in the coming year. It was estimated to cost about Rs. eight crores. The Government was also installing an optical glass factory and he hoped that the country would become self-sufficient in regard to raw film and other ancillaries of the film industry.

News & Notes

Judicial Trials in Films :

A communication received from the Chairman Central Board of Film Censors on the subject of Judicial trial in films is quoted for the information of producers :—

I have to state that it has been noticed that some of the films depicting contemporary social life contain scenes of judicial trials which often are a travesty of court proceedings. The Sessions Court and in rare cases the High Court is generally the venue of such trial. Experience has shown that the conduct of a judicial trial in a film is usually vitiated by one or more of the following defects:

Firstly the procedure followed for examination of witnesses and accused persons is not in consonance with the procedure laid down by law and obtaining in judicial courts in India. Considerable liberty is taken by the producer and fresh witnesses or accused persons are sometimes shown rushing into the court and making statements without obtaining the Court's permission at any stage of the trial. Secondly lawyers for the prosecution and

defence are shown leaving their seats and walking up to the dock and putting questions to witnesses or accused persons from that position or approaching the jury and addressing the jurors in a swaggering manner and standing in front of the dais and addressing the judge. It is not customary for the lawyers to be have in this manner in Courts in India. Thirdly a person who is not standing his trial and in respect of whom no investigation has been made by the Police is charged with an offence and tried in the course of the same proceedings and the decision is announced by the Judge in respect of the original accused as well as the new accused at the same trial. Fourthly wrong sentences are also awarded by the Judge for offences which are declared to have been proved.

It is very essential that the dignity of Judicial Courts should be maintained in films and that scenes of judicial trials in films should conform as closely as possible to the procedure laid down by law and established by long practice. I have therefore to request you kindly to impress upon the members of your asso-

Picture Banned :

The Ministry of Information and Broadcasting notification No. 2442 New Delhi, dated the 7th November, 1958 reads :

In exercise of the powers conferred by sub-section (2) of section 5 of the Cinematograph Act, 1952 (37 of 1952), the Central Government hereby directs that the film entitled 'Desire Under the Films' and its trailer produced by Paramount Picture Corporation U.S.A. shall be deemed to be uncertified films in the whole of India.

Electricity Rule 45 of 1956 :

The Chief Electrical Inspector, to the Government of Madras has in the course of a communication addressed to the cinema theatres, states :

You may note from sub-rule (1) of Rule 45 of Indian Electricity Rules, 1956 that no Electrical Installation work, including additions, alterations, repairs and adjustments to existing installations except such replacement of lamps, fans, fuses, switches, low voltage domestic appliances and fittings as in no way alters its capacity or character, shall be carried out upon the premises of or on be-

half of any consumer or owner for the purpose of supply to such consumer or owner except by an electrical contractor licensed in this behalf by the State Government and under the direct supervision of a person holding a certificate of competency issued or recognised by the State Government (Electrical Wiremen, Supervisors and Contractors Licensing Board, Madras).

Even though the Government of Madras have exempted low and medium pressure installations from the provisions of the above said rule in so far as Contractor provisions are concerned for a temporary period upto 31-3-1959, the rule has to be complied with in full in respect of H. T. installations and installations coming under the provisions of Section 30 of the Indian Electricity Act, 1910. As cinema loads will come within the purview of Section 30 of Indian Electricity Act, 1910, the said Rule 45 of Indian Electricity Rules, 1956 has to be compiled in full. It is obvious that, during the course of conducting shows in your theatre, temporary electrical installation works for the purpose of display, etc., may be involved. In case of touring cinemas, while re-erecting their camps, rewiring etc., will be involved. As per the provisions of Rule 45 of Indian electricity Rules, 1956, these works will have to be entrusted to a licensed wiring contractor and the electrical installation work must be supervised by the persons holding competency certificates issued by the Electri-

cal Wiremen, Supervisors and Contractors Licensing Board, Madras. This rule will apply to self-generating theatres also.

During my recent inspection of cinemas in the State, it has been noted that, in spite of this office instructions in this regard, most of the cinema exhibitors have not complied with the provisions of rule 45 of Indian Electricity Rules, 1956. Hence, I have to stress this point once again and request you to furnish the following information urgently :—

1. The Name and address of the Contractor quoting his licence No. and date to whom the electrical installation work of your theatre has been entrusted.

2. The names and addresses of the persons under whose immediate supervision the work is being carried out along with their competency certificates number and date.

You may note that as per sub-rule (2) of Rule 45 of Indian Electricity Rules, 1956, no installation work which has been carried out in contravention of sub-rule (1) of the said rule can be connected with the supply main of the electrical suppliers.

After the due execution of the installation as per the above provisions, it is necessary that the installation has to be properly maintained and competent persons are authorised for that purpose. In order to eliminate danger to public safety and personal property, a consumer has to authorise competent persons under rule 3 of Indian Electricity Rules, 1956, to carry out duties incidental to use of energy etc. This aspect also is rarely taken care of by the Cinema Exhibitors. It has been decided that in cases of installations other than that H.T., persons having wiremen certificates should be authorised under Rule 3 of Indian Electricity Rules, 1956. Sub-Rule 3 of Rule (3) requires that a person can be deemed to be authorised only when his name has been entered in a list maintained at the office or premises of the person authorising and giving the purposes for which such person is authorised and the entry is attested by the person authorised and the persons authorising him. Hence you are requested to maintain the list in the following form at your Theatre premises.

List of Authorised Persons Under Rule 3 of Indian Electricity Rules, 1956.

Sl. No.	Name and address.	Designation, Educational (both Technical and General) qualifications and experience with Competency certificate No. and date.	Purpose & extent of authorisation (Details of work authorised to be specified with reference to the relevant rule.	Signature of the employee.	Signature of the persons authorising
1	2	3	4	5	6

It may be noted from Sub-Rule 4 of Rule 3 of I.E.R. '56 that this list has to be produced before an Inspector whenever it is required.

You may note from Rule 139 and 141 of Indian Electricity Rules, 1956 that contravention of Rule 45 of Indian Electricity Rules, 1956 and any of the rules of Indian Electricity Rules, 1956 respectively will lead to penalty.

Issue of Cinema Licence

Writ Petition Dismissed

In disposing of a writ petition in the Madras High Court, His Lordship Mr. Justice P.V. Balakrishna Aiyar held that the considerations enumerated in sub-section (1) of Section 5 of the Madras Cinema Regulation Act, 1955, in the matter of issuing of licences by the authorities for touring cinemas, were not exhaustive and the authorities were not precluded from taking into consideration any representations received from persons other than those mentioned in the sub-section.

The petitioner, Mr. M. C. M. Muthurama Thevar, applied in November, 1957, to the Collector of Madurai District for a "no objection" certificate to locate a touring cinema in Kallupatti Village in Thirumangalam taluk. The site was recommended by the District Superintendent of Police, Madurai (South), the President of the Panchayat Board and the Tahsildar of Thirumangalam. The Chairman of the Gandhi Niketan Ashram and the Principal of the Rural Extension Training Centre nearby raised an objection to the issue of licence on the ground that it would seriously affect the morale and discipline of the inmates. On that, the Collector rejected the application of the petitioner for the issue of a licence. The petitioner appealed to the Board of Revenue and the appeal was dismissed. There-

upon, the petitioner filed a writ petition in the High Court questioning the validity of the order of the Collector.

Dismissing the writ petition, His Lordship observed that apparently none of the three authorities, the District Superintendent of Police, the President of the Panchayat Board and Tahsildar, who recommended the site, mentioned the fact that the Gandhi Niketan Ashram was functioning in the vicinity. The Collector, while refusing to grant licence for the site selected told the petitioner that he might select some other place in or near Kallupatti about a mile away from the Ashram. Counsel for the petitioner referred to section 5 (1) of the Madras Cinema (Regulation) Act of 1955, which said that, in deciding whether to grant or refuse a licence, the licensing authority should have regard to certain matters and a number of such matters had been enumerated. The objection of the kind put forward by the Chairman of the Ashram and the Principal of the Training Centre it was contended were outside those enumerated in the sub-section. The argument was that the Collector was not entitled to take into account circumstances not enumerated in the sub-section.

That argument, His Lordship observed, proceeded on the assumption that the considerations enumerated in sub-section (1) of Section 5, His Lordship

added, enjoined on the licensing authority a duty to take into consideration representations made by the authorities set out therein. It did not say that the licensing authority should not take into account representations made by any one else. In fact, to make a representation no specific authority was necessary. A person who felt aggrieved was at liberty to make a representation. It was for the authority to which the representation was addressed, to decide what importance it would attach to it.

The Basic School, His Lordship observed was only about 240 yards away from the place chosen by the petitioner for locating the cinema. The view of the Collector that the location of the cinema near the institution would be detrimental to it appeared to be a legitimate one.

In the result, His Lordship dismissed the petition.

Mr. K. Arunachala Sastri appeared for the petitioner.

Trade Associations

The First Andhra Pradesh

Film Exhibitors' Conference :

The Andhra Pradesh Film Exhibitors' Conference was held in Srinivasa Mahal, Vijayawada, on 1st December 1958.

Sri Midde Ramakrishna Rao, Chairman of the Reception Committee welcomed the gathering.

Hon'ble Dr. B.V. Keskar inaugurated the Conference.

In the course of his speech Dr. Keskar said there are more than 4200 cinemas in the country and out of them Andhra Pradesh and Tamilnad take away nearly one-third the number. They, therefore occupy a very important place in the Exhibitors of all India. Similarly Telugu Film Industry also occupies a very important place in India.

Referring to the rentals on news-reels he added I am glad to announce that a satisfactory formula for rentals which was reasonable and which would not prove to be of any burden was evolved in the course of these discussions and from the 1st of April this year the reduced rental schedule has been introduced and is operating all over the country.

Referring to the raw film shortage he said "While I have great sympathy with the present difficulties through which the industry is passing I hope that producers and other members of the trade will also realise the difficult import position of the country and take steps to

practise the most rigorous economy in the use of equipment and raw film so that their demands are reduced to the minimum and whatever available is utilised in the best way possible.

The Hon'ble Home Minister of Andhra Pradesh Government, Mr. K. V. Ranga Reddi, presided over the inaugural session.

Mr. S.K. Mukerjee, Chairman of Exhibitors' Section, Bengal Motion Picture Association, who presided over the conference called upon Exhibitors to realise the immediate need of strengthening their ranks by avoiding unhealthy competition.

Sri Sunderlal Nahata, Director of Rajashree Pictures addressed the gathering.

A number of resolutions were passed at the meeting expressing, among others, serious concern over the raw film "cut" and also pleasure for revision of rentals for "approved" films.

The conference also requested the State Government to issue licences to touring cinemas for longer periods and on easier terms than at present

PRODUCERS TO NOTE

PRIORITIES — A CLARIFICATION

Further to the Priorities announced by the Government of India, for distribution of Raw Film, it has now been clarified that the following will be categorised under (2-a) :—

- 2(a) "Producers who have past export performance to their credit and having earned foreign exchange for a minimum value of Rs. 4,00,000 during the three calendar years 1955, 1956 and 1957.

Far & Near

Supply of Raw Film :

Mr. Lal Bahadur Shastri, Minister for Commerce and Industry stated in the Rajya Sabha on 10-12-58 that with the measures adopted by Government, the requirements of raw films in the country would be adequately met.

In a written reply to a question by Mr. Bhupesh Gupta, Mr. Shastri said that Government were aware of the widespread demand among the film producers, artists and the public for relaxing the restrictions on import of raw films. This had been examined by Government.

The Commerce and Industry Minister said that before the introduction of restriction on the import of raw films the average import into the country had been of the order of 300 million feet a year. Of this, 40, million feet a year had accounted for the requirements of the Films Division of the Ministry of Information and Broadcasting. The requirement of the private sector had been, therefore, of the order 250-260 million feet a year or about 125 to 130 million feet per half year,

It has been agreed, Mr. Shastri said, in consultation with the Film Federation of India that there should be an overall cut of 30 per cent in the quantum previously imported and on this basis the total net requirements of the private sector had been placed at 90 to 95 million feet per half year. According to the

current policy of a quota of 60 per cent general and 60 per cent soft, the import per half year would be 70.75 million feet. About 40 million feet would be imported by the State Trading Corporation on rupee account.

The Minister said that about 112 million feet would thus be available against the requirement of 90 to 95 million feet. In addition, provision had been made under the export promotion scheme for the grant of special licences for raw films to established importers for the purpose of making films meant for export. It was expected that with these measures the requirements of raw films in the country would be adequately met.
